Shawon Orib

Frontend Engineer | Full-Stack Developer

shawonorib@gmail.com | shawonme.vercel.app | github/shawonorib | linkedin/shawonorib

PROFESSIONAL SUMMARY

Passionate Frontend Engineer and Full-Stack Developer focused on building modern, responsive, interactive, and scalable web applications. Skilled in JavaScript, React.js, Next.js, Node.js, Express.js, MongoDB, RESTful APIs, authentication, responsive design, and modern UI technologies. Experienced with Three.js, GSAP, Framer Motion, Tailwind CSS, testing, performance optimization, version control, and deployment. Committed to clean, maintainable code and high-quality user experiences.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript, React.js, Next.js, Three.js, Svelte
Styling & UI	Tailwind CSS, Material UI, SCSS/SASS, Bootstrap, Responsive Design
Animation	GSAP, Framer Motion, Lottie
Backend	Node.js, Express.js, RESTful APIs, GraphQL, WebSockets
Databases	MongoDB, PostgreSQL, MySQL, Firebase
Auth & Security	JWT, OAuth, Authentication & Authorization
Testing	Jest, Cypress, Test-Driven Development
DevOps	Vercel, Netlify, Heroku, AWS S3, Git, GitHub, Bitbucket
Tools	VS Code, Postman, Figma, Webpack, Vite
Performance	Lazy Loading, Code Splitting, Asset Minification, CDN Integration

PROJECTS

Portfolio Website | shawonme.vercel.app

- Developed a personal portfolio website to showcase skills, projects, and achievements.
- Implemented modern visual design, interactive elements, and animations.
- Created a responsive experience for presenting development capabilities and work.

Plantex | shawonorib.github.io/plantex/

- Built a responsive plant-focused website using HTML, CSS, and JavaScript.
- Created plant, gardening, tips, and care-guide sections with smooth animations.
- Optimized the layout for desktop and mobile devices.

Travel Website | shawonorib.github.io/travel/

- Developed a responsive travel website for destinations, itineraries, and travel packages.
- Implemented modern layouts, interactive elements, and smooth animations.
- Designed the interface to make travel planning simple and engaging.

BarbarShop | shawonorib.github.io/barbarshop/

- Developed a responsive barbershop website with services, features, and testimonials.
- Implemented interactive booking functionality and location-map integration.
- Optimized the interface for different screen sizes.

CORE COMPETENCIES

Frontend Engineering • Full-Stack Web Development • Responsive Web Development • Interactive Web Experiences • REST API Development & Integration • Authentication & Authorization • Database Integration • Real-Time Applications • Web Performance Optimization • Progressive Web Applications • Testing & QA • Git & Version Control • Agile/Scrum • Deployment & Hosting

PROFESSIONAL STRENGTHS

- Strong interest in modern frontend technologies and interactive web experiences.
- Clean, maintainable, and scalable development mindset.
- User-experience-oriented approach to web development.
- Problem-solving mindset with continuous learning and experimentation.
- Comfortable working across frontend and backend technologies.

CAREER OBJECTIVE

To contribute as a Frontend Engineer or Full-Stack Developer in a growth-oriented organization where I can apply modern web-development skills, build high-quality digital products, solve challenging engineering problems, and continuously grow as a software professional.

INTERESTS

Web Development • Interactive Web Technologies • Nature • Reading • Science Fiction • Problem-Solving Games
